

Export talk on Digital Transformations through Data Science

Date: 20th February 2021

Time: 11:30 AM to 12:30 PM

Resource Person: Mr. Adarsh Parikh, Associate Vice President, Silver Touch Technologies Limited, Ahmedabad.

Program Coordinator: Prof. Seema B. Joshi, Assistant Professor (Cyber Security), GTU-GSET

Objective of the Event:

The objective of this expert session was to learn the various Application areas of Data Science and how to develop the skill in this field.

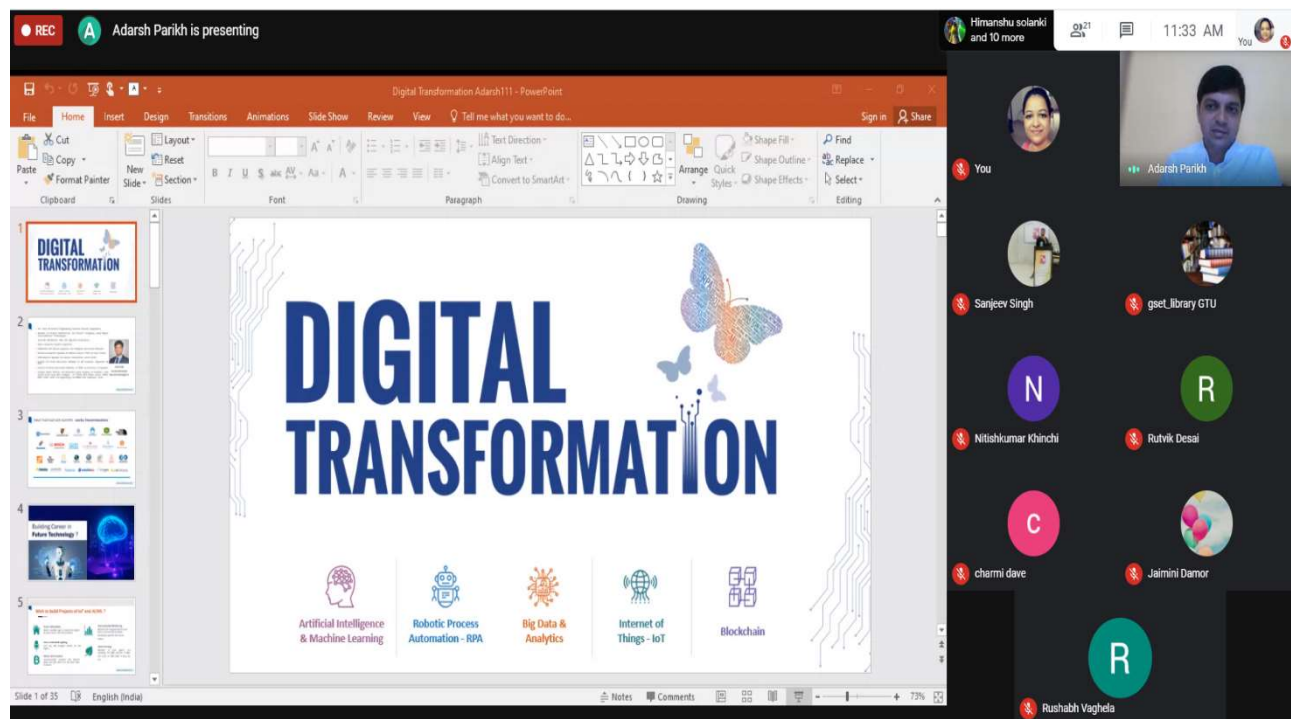

About the Event:

The expert session was conducted by Mr. Adarsh Parikh. He had discussed the current industrial requirements of digital transformation skill in AI & ML, Blockchain, IoT, Big Data Analytics, etc. He had also shared the various projects needs of data science and how students can enhance their skills for career.

Targeted Audience: GTU-GSET Students of PG Diploma in Data Science and ME CE (Cyber Security).

Outcomes:

At the end of the program, students were able to understand the current industrial requirements and project based learning in the field of Data Science.

The screenshot displays a Zoom meeting interface. On the left, a PowerPoint presentation titled "Digital Transformation" is being presented. The slide content includes the title "DIGITAL TRANSFORMATION" in large blue letters, accompanied by a butterfly graphic. Below the title, five key areas are listed with corresponding icons: Artificial Intelligence & Machine Learning, Robotic Process Automation - RPA, Big Data & Analytics, Internet of Things - IoT, and Blockchain. The Zoom window shows a grid of participants, including "You", "Adarsh Parikh", "Sanjeev Singh", "gset_library GTU", "Nitishkumar Khinchi", "Rutvik Desai", "charmi dave", "Jaimini Damor", and "Rushabh Vaghela". The top of the Zoom window indicates the meeting is recorded and the time is 11:33 AM.
