GTU-Graduate School of Engineering and Technology

Report on Expert Session on

"Business Intelligence Solution with Power BI"

Coordinate By: Ms. Aanal Raval

Ms. Arpita Maheriya

Expert Name: Mr. Meet Bhatt, Data Analyst, Grras Solution

Date and Time: 24 March 2023 (Friday), 02:30 to 04:00PM

Venue: Computer Lab-330, GTU-GSET

Profile of the Expert:

Mr. Meet Bhatt is currently working at Grras Solution as Data Analyst. He has 5+ years of industry experience with SDLC methodologies, developing different statistical, text analysis, data mining solution to various business intelligence problems, data marts and visualization using Tableau & Power BI.

Objectives of Expert Session:

1. Build a data model by connecting to one or more data sources, and create the relationships between these sources where appropriate.
2. Enrich this data with new calculated columns and measures (using Power BI's built-in formula language called Data Analysis Expressions or DAX).

About the Session:

An expert session for ME-AIDS and PG-Diploma in Data science 2nd semester students of GTU-GSET was organized on topic" Business Intelligence Solution with Power BI". Session started with basic concept of Power BI following hands-on session on DataMart and Data Charts.

Topics Covered:

1. Introduction to Power BI
2. Data and Transformation
3. Data Visualization

Glimpse of Session:
