Report of Visit @ NASSCOM CoE IoT-AI,

Indian Institute of Technology, Gandhinagar

Coordinated by: Prof. Gautam D. Makwana

GTU-GSET scheduled a visit at NASSCOM Centre of Excellence: IoT-AI on 18th September, 2023 for the students of PG in IoT and PG in AI & DS and faculty members.

Objectives of the visit were

1. To establish a collaboration with the CoE and GTU-GSET for strengthening PG in IoT and PG in AI & DS
2. To explore the resource facilities of Industry 4.0 laboratory at the CoE.
3. To explore the internship and placement opportunities and industry based research problems for the PG students.

Prof. S. D. Panchal, Director, Prof. G. D. Makwana, Prof. Mahesh Panchal, and Prof. Rutika Gharia interacted with Mr. Amit Saluja, Senior Director and Center Head, CoE and Mr. Yagandeep Gohil, Startup Engagement Head regarding objectives of the visit and explore various opportunities for the students, faculty members, and institute. Mr. Amit shared the objectives and opportunities of the CoE. It is discussed to establish a collaboration between the CoE and GTU-GSET.

The students and faculty members visited the Industry 4.0 laboratories established at the CoE and explored various IoT and AI based solutions developed by the start-ups of the Gujarat. Mr. Yagandeep demonstrated various efficient and impact solutions used in industries. He discussed various opportunities and requirements in the industries in the field of Internet of Things, Artificial Intelligence and Data Science.
