Cyber Safety and Security Awareness Series session:1

Gujarat Technological University – School of Engineering and Technology has organized “Cyber Awareness Program” on 07th August 2024 under Cyber Security Club.

The objective of the program is:

- For awareness among students regarding the latest cyber-crime happening in India.
- For the safety of the social media accounts.
- Importance of strong password for the accounts.
- How is internet banking security breached?

Number of Participants: 58 students

Outcome of the Event:

- Students got the latest trick what the cyber criminals are using for the cybercrime.
- Updated with recent cyber crime such as Parcle Scam, Digital Arrest, Loan App Fraud, OLX Fraud, PaytmKYC fraud etc.
- Get to know the importance of 2 step verification to login the social media accounts.
