**“EARTHQUAKES AND SEISMIC DESIGN: TALL BUILDINGS AND CHALLENGES”**

**14 Feb, 2025 (Friday)**

**07:30 PM (IST) Onwards**

***Our Speaker***

**Dr. N. Subramanian**

Dr. N. Subramanian is a distinguished structural engineering consultant and author with over 47 years of industry experience. He earned his Ph.D. from the Indian Institute of Technology, Madras, and has made significant contributions to the field through both practice and academia. Dr. Subramanian has designed numerous multi-story concrete buildings, steel towers, industrial structures, and space frames. He has authored more than 310 technical papers and published 25 books, including "Design of Steel Structures" and "Design of Reinforced Concrete Structures," which have been well-received in the engineering community. His work has been recognized with several awards, such as the ACCE(I)-Nagadi Award and the Tamil Nadu Scientist Award. He is a Life Fellow of multiple professional bodies, including the American Society of Civil Engineers and the Indian Concrete Institute. Currently, Dr. Subramanian resides in Gaithersburg, MD, USA.
