

Gujarat Technological University School of Engineering and Technology

Workshop On “The Use of MATLAB in Engineering”

Date: 9th May 2025

Coordinated by **Prof. G. D. Makwana**

Details of Expert

Prof. Kiran Parmar is adjunct professor at GTU – School of Engineering and Technology, Ahmedabad. He has 33 years of teaching experience and served in electronics & communication engineering department of various government engineering colleges of Gujarat in various positions.

- Targeted Audience: UG students of Computer Engineering and Electronics & Communication engineering.
- 25 Students have actively participated in the workshop

Topics covered in the Research Talk

- Introduction of MATLAB tool
- Capabilities of MATLAB in Engineering
- Use cases and hands-on practices on concepts of mathematics, electronics and communication, computer engineering using MATLAB.
