### Report on Industrial Visit to "Odoo India, Infocity,Gandhinagar"

**Industrial Visit – Odoo India Hq, Infocity,Gandhinagar**
**Semester: 3rd Sem (BE- Computer Engineering)**
**Date of Visit: 2nd December 2025, Tuesday**
**Co-ordinated by: Prof. Disha Bhatt (Asst. Prof. Computer, GTU-SET) and Dr. Aanal Raval (Asst. Prof. Computer, GTU-SET)**
**No. of Participating Students: 58**

GTU-SET organized an industrial visit to Odoo on 2nd December 2025 for the BE- Computer Engg. 3rd semester students. The visit was organized and coordinated by Prof. Disha Bhatt and Dr. Aanal Raval to ensure smooth execution and proper guidance for the students. A total of 58 students participated, and a bus was arranged for transportation.

The visit began with a detailed session on Odoo's global operations, company history, business model, and open-source ecosystem, providing students with insights into the company's vision, operations, and international presence. The session also highlighted internship and placement opportunities, awareness about various career roles in the ERP domain, and offered a real-world understanding of business logic and automation.

During the technical discussions, students were introduced to a wide range of topics including:

- PostgreSQL as the underlying database for Odoo applications, covering relational database scenarios and best practices in database design.
- Modern web frameworks used in the development of Odoo modules and applications.
- Odoo ERP architecture, module structure, and the complete development cycle, giving insights into industry-standard development practices.
- Discussions on OWL framework, a modern frontend framework used in Odoo for creating interactive web applications.
- Best practices in relational database design, workflow automation, and real-time data handling in enterprise applications.

The visit provided students with Odoo's working environment, including software applications, ERP module development, and real-world implementation of business logic. Students actively engaged with the demonstrations and discussions, bridging the gap between theoretical concepts from the classroom and industry practices.

The industrial visit was successfully conducted under the guidance of Prof. Disha Bhatt and Dr. Aanal Raval, offering students comprehensive exposure to the ERP domain. Students gained understanding of enterprise software development, database management, modern web frameworks, and module-based ERP architecture. The visit also enhanced awareness of career opportunities, internship prospects, and the importance of professional conduct, discipline, and teamwork in an industrial environment. Thus, visit to Odoo India Pvt. Ltd.

Provided an excellent experience for the students of GTU-SET. The institute extends sincere gratitude to the Odoo team for their support and knowledge sharing.
